This valuable Medicine, which has become for the number of extraordinary cures effected through its agency, has inpuded the proprietors, at the urgent request of their iriends, to offer it to the public, which they do with the utmost confidence in its virtues an wonderful curative properties. The following certificates, selected from a large number, are however, stronger testimony than the mere word of the proprietor, and are all from gentlemen well known in their losalities, and of the highest respectability, many of them reasing in the city of Richmond Virginia.

F. Boyden, Esq., of the Exchange Hotel, Richmond known every where, says he has seen the Medicine called CARTER'S SPANISIT MIXTURE administered in over a hundred cases, in nearly all the diseases of which it is recommended, with the most astonishinlor good results. He says it is the most extraordinary inedy icine lights and Fever-great cure.—I hereby certify, that

good results. He says it is the most extraordinary medy leine lighas ever seen.

Ague and Fever-great cure.—I hereby certify, that for three years! had Ague and Fever of the most vialent description. I had several Physicians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without any permanent relfe! At last I tried Carter's Spanish Mixture, two bottle of which effectually cured me, and I am happy to say it have had neither Chils of Fever since. I consider it the best Tonic in the world, and the only medicine that ever reached me case.

The roads composing this route from Cincinnati to the Lake are laid throughout with heavey T rail, and in construction of track, railing machinery, comfort of cars, general management and almost entire freedom from dust, is not surpassed by any road in the West. It passes through the Jensely populated and highly cultivated valley of the Great Miami, and Mad rivers; also, running through the large and beautiful towns of Hamilton, Dayton, Springfield, Urbana, Bellefontaine, Kenton, Carey and Sandusky.

The steamers of this line were built expressly for comfort safety and speed, and no efforts will be spared to render comfortable those who may patronize them.

By this route passengers have four or five hours daylight on the lake. Each boat is provided with splendid bands, for the especial accommodation of pleasure travelers, and every facility afforded to dancing partics.

Reserved State Rooms will be telegraphed for by passengers leaving their names at the Ticket Office.

The following rates of Fare include Meals and State Rooms on Lake steamers.

LINDLEY MURRAY .- It is not generally known that this 'prince of English grammarians was an American, and born within the present limits, of Lebanon county. He was born in the year 1845, on the Swatara, in East Hanover township, then Lancaster, now Jebanon county.

His father was a miller, and followed that occupation when Lindley was born, but after-wards devoted his attention to mercantile pursuits, and amassed a considerable fortune by trading to the West Indies. Lindley was the eldest of twelve children, and when about seven years of age, was sent to Philadelphia, that he than could he had at Swatara.

He studied law in Now York, and at the age of twenty-two was called to the bar, where he gained for himself the reputation of an 'honest lawyer.' His 'Grammar of the English Lan-guage' was composed in England, in 1794, and published in the spring of 1795, many millions copies of which have been sold.

He left legacies to a number of relatives and friends, and sums of money to many religious societies.

He also directed that the residue of his property, after the decease of his wife, (a New York lady, his beloved and affectionate Hannah, who had been his companion for moae than sixty after discussion, was read a third time and pass-He also directed that the residue of his propyears,) should be devoted to pious and benevolent uses. He was a Quaker, and interred in the burying ground of that sect, in the city of York far from friend and father-land .- Lebanon

THE WORD ESQUIRE. - The word is from the French ESQUIRE, (shield-bearer.) and originally signified nothing more. It was applied to the armor-bearers of knights and barons, who were second in rank to them.

The esquire was a gentleman, and had the right of quartering arms on his shield, as also of wearing a sword, which denoted gentility. though he was not girted with the knightly belt. This was the esquire of chivalry, of whom we have an amusing burlesque in the person of Sancho Panza, the valorous attendant of that famous kight wrant, Don Quixote.

Amether class; foudal esquires, consisted of those who had a right to claim knighthood, but had not been dubbed. The younger sons of dukes and marquises, the younger sons of vis-counts, earls and barons, and their eldest sons, with the eldest sons of baronets, and of knights of all orders, are regarded in England as esquires by birth, though their precedence, which differs widely, is regulated by the ranks of their respec-

Officers of the Queen's court and household, her army and navy, down to coptains inclusive, doctors of law, barristers, and physicians, are reputed esquires. A justice of the peace is only an esquire during the term of his office; but a shoriff of the county holds the title for life. In this country, it is used as a lmost indiscriminately, as an expression of respect. - Sunday Times

A CURIOSITY. - At this office may be seen for a few days, a rare curiosity in the shape of a cane, which was used for many years by John M'Neal, Esq., and which he stuck in the ground on his farm, eight miles N. E. of Middleton (now the property of Jacob Michael, Esq.,) about forty-five years ago-the cane commenced growing, and in a short time a thick coat of bark was formed around it, and having been carefully trimmed as it grew up increased in dimensions to the heighth of ninety feet-the tree after withstanding the wintry blasts of fortyfive years, yielded up its vitality, and was cut down by Mr. Michael a few weeks ago. In splitting up the first cut, the identical cane as first planted dropped from the centre of the log jnst the same as it was when planted, forty-five

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervoust ess, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Corplaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathar lie were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts. are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

Doct. A. A. Haxes, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOONE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

IR. C. SUTTINICK, Esq., one of the first mer.

C. A. DAYES, M. D., Supt's and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedier, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the cest results. This system of composition for medicines has been found in the Cherry Pectorial and Pills oath, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. Winde by the old mode of composition, every medicine is burdened with more or less of acrim should be taken if the read and to hook of Practitioners in the United States, the produce of the contract of the drugs themselves, but of the medicine known to the world.

As it is frequently expedient that my medicine how to pure present, All the inert and obnoxious qualifies of each substance employed are left behind, the curative virtues only being retained. Hone it is self-evident the effects should prove as they have proved more purely remedia, and the Pills as suremore powerful a

mysteries.

The composition of my preparations is laid open to all mer. and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects apon trial.

They operate by their powerful influence on the Internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and

body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

Copy of a Letter from Mr. W. J. Langley. of Huntsville, Yadkin county, North Caroline, U. S., dated November 1st, 185%.

IFREAD HIS OWN WORDS.

To Professor Holloway,
Sir.—It is not my visit to become notorious, neither is the letter written for the mere sake of writing, but to say, that your Ointment cured me of one of the prost dreadful entaneous diseases that flesh is heir to, and which was considered by all who knew me, to be entrely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and trouble some sore legs that ever fell to the lot of man; and after trying every medicine I had ever heard of, I resigned in despair all hope of being cured; but a friend brought me a counle of large pois of your Ointment, which caused the sores on my legs to heal, and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends.

"This is, without exception, the most comprehensive an intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it adversesses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hand of his sons.—The author has devoted many years to the treatment of the various complaints treated of, and with too little breath to puff, and too little presumption to impose, he has offered to the world at the merely nominel price of 25 cents, the fruits of some twenty years most successful practice,"—Herald.
